Work Experience

Fullstack Developer   Since January 2025 **(7 months)**
Leagle, Remote
- Developed dynamic and responsive web applications using React.js, Ant Design focusing on component-based architecture and state management with tools like Redux and Context API.
- Designed and developed robust backend systems with Django, leveraging its ORM for efficient database operations and seamless integration with PostgreSQL and MySQL.
  [Website](#)

Fullstack Developer   From February 2024 to January 2025 **(11 months)**
Codemodeon, Remote
- Spearheaded the complete redesign of the Quizmodeon play frontend architecture using React.js, enhancing performance and user experience.
- Developed and maintained backend services using Node.js and Express.js, ensuring robust, scalable, and efficient server-side functionality.
- Gained in-depth expertise in technologies such as Tailwind CSS, Socket.io, and cloud platforms like Azure and AWS.
- Implemented seamless integrations and managed the publishing process with platforms like Zoom, Microsoft Teams, and Google Meet to optimize functionality.
  [Demo](#) - [More Info](#)

Frontend Intern   From August 2022 to September 2022 **(1 month)**
Jotform, Remote
- Contributed to the frontend payment team by developing and maintaining features using React.js, ensuring a smooth and efficient user experience.
- Had familiarity with Redux and Redux Saga for state management.

Fullstack Web Developer   From January 2022 to July 2022 **(6 months)**
Dogal Zeka, Remote
- Designed and developed dynamic web applications using React.js, delivering intuitive user interfaces.
- Built and maintained RESTful APIs with Node.js, integrating seamlessly with SQL databases for efficient data management.

Projects

Quizmodeon   From February 2024 to September 2024
Codemodeon,
- Quizmodeon is an event platform supports 10.000 people realtime.
- All frontend arhitecture designed and developed by me.
  [Try Now!](#) - [Other Games](#)

React Native Clean Code   From October 2024 to December 2024
Hobby,
- An example app for showing clean structure and code written in React Native.
  [Github Repo](#)

Education

Computer Engineering   From September 2020 to June 2024
Eskisehir Technical University, Eskişehir, Turkey
[Website](#) - Final Grade: 3.47

Computer Science (ERASMUS)   From October 2022 to June 2023
Czestochowa University of Technology, Częstochowa, Poland
[Website](#)

Technical Skills

Frontend
React, React Native, Typescript, Tailwind, Redux, Html, Css, Flutter

Backend
Node.js, Spring Boot, Asp.net, Docker, AWS, MySQL, MongoDB, Firebase
